With our flexible, family-friendly Sunday School programs, you have the option of using the curriculum in two ways.

You can teach the recommended quarters that follow the historical pattern of studying the Old Testament stories through the fall and New Testament stories in the winter and spring. Or take kids through major Bible stories in three years from Old Testament to New Testament with our chronological quarters.

Free tools are available on cph.org/sundayschool to help volunteers grow both personally and as Sunday School teachers.
